Status Report on Current and Follow-up Internal Audit Assignments

Mr. Larry Mandel, university auditor, presented the Status Report on Current and Follow-up Internal Audit Assignments, Agenda Item 1 of the May 7-9, 2012, CSU Board of Trustees agenda.

Mr. Mandel reminded the trustees that updates to the status report are displayed in green numerals and indicate progress toward or completion of outstanding recommendations since the distribution of the agenda. He stated that the campuses are continuing to make very good progress on the closing of outstanding recommendations in a reasonable time period. He reported that the Office of the University Auditor is currently working with California State University, Sacramento on the two long-outstanding recommendations pertaining to Auxiliary Organizations and anticipated completion by the next board meeting. Mr. Mandel then stated that the audit assignments from the 2012 audit plan are in progress and anticipated completion by the end of the calendar year.

Trustee Mendoza thanked all the campus presidents and their staff for their diligence in the timely completion of the audit recommendations.

Status Report on Corrective Action for the Findings in the California State University A-133 Single Audit Reports and Auxiliary Organization Audit Reports for the Fiscal Year June 30, 2011

Mr. George V. Ashkar, assistant vice chancellor/controller, financial services, provided a status report on the corrective action plans for the six findings noted in the A-133 Single Audit Reports. He reminded the trustees that audit finding 11-01 relating to control procedures over the review of the outstanding receivables balances was previously reported as completed at the board meeting in March 2012. He stated that corrective action for audit finding 11-02 relating to the systemwide administration of federal financial aid programs is still in progress, while it is being addressed through a combination of a systemwide directive and campus control procedures. Mr. Ashkar further stated that corrective actions for audit finding 11-03 relating to student status changes not being reported in a timely manner and for audit finding 11-04 relating to the lack of adequate processes to ensure timely return and accurate reporting of Title IV funds are both under review by the Office of the University Auditor and require additional information from the campuses. He also stated that corrective actions for audit finding 11-05 relating to the lack of adequate processes to ensure timely updates of the cost of attendance information and for audit finding 11-06 relating to the lack of adequate processes to ensure timely verification of information on the Institutional Student Information Report (ISIR) have been completed, and campus supporting documentation has been reviewed by the Office of the University Auditor and the Financial Services Internal Control staff at the CSU Chancellor's Office.

Trustee Mendoza thanked Mr. Ashkar for his efforts in the closing of these recommendations.

The meeting adjourned.

Presentation by

George Ashkar
Assistant Vice Chancellor/Controller
Financial Services

Summary

Audit finding 2011-01 was related to incomplete controls over the review of the outstanding receivable balances. Corrective action to strengthen internal controls over the review of accounts receivable was previously reported as completed at the Board meeting in March.

Audit finding 2011-02 was related to the lack of formal procedures to document secondary review and approval by someone other than the person performing the tasks in the administration of financial aid grants. Corrective action through a combination of a system-wide directive and campus control procedures has been completed, based on the review of campus supporting documentation by the University Auditor's office and Financial Services Internal Control staff at the Chancellor's Office.

Audit finding 2011-03 was related to student status changes not being reported in a timely manner at some campuses. Corrective action to enhance policies and procedures to ensure timely and accurate reporting of changes in student status has been completed, based on the review of campus supporting documentation by the University Auditor's office and Financial Services Internal Control staff at the Chancellor's Office.

Audit finding 2011-04 was related to the lack of adequate processes in place to ensure timely return and accurate reporting of Title IV funds at some campuses. Corrective action to enhance applicable policies and procedures has been completed, based on the review of campus supporting documentation by the University Auditor's office and Financial Services Internal Control staff at the Chancellor's Office.

Audit finding 2011-05 was related to the lack of adequate processes in place to ensure timely update of the cost of attendance information at a campus. Corrective action to enhance applicable policies and procedures was previously reported as completed at the Board meeting in May.
