TYPE D - Is used to compensate instructors of courses who also serve as mentors to external students enrolled in the same course via "parallel instruction". It is also used to compensate mentors who work with students enrolled in courses of programmed or modularized self-pacing study in which instruction is given mainly by course or library materials and through conferences with the mentor.

TYPE E - Is used to pay faculty who serve as mentors to students enrolled in courses via "parallel instruction" but who are not responsible for teaching the course in which the students are enrolled. It is also used for typical independent study enrollments.

TYPE F - Is used to pay faculty who supervise external students who are writing theses or graduate projects or who are enrolled in advanced tutorials. For Chairmen of committees for graduate theses or projects, use Type F. For other members of such committees, use Type E.

TYPE G - Instructor\Coordinator of Programs of Parallel Instruction - is used to pay instructors of courses offered externally via parallel instruction in which mentors are employed, when the instructor has coordinating responsibilities. Compensation will depend on the number of mentors involved and estimates of the amount of time required for the coordinating responsibilities. As a guideline, the coordinator's compensation should be set at 25% of Type E compensation multiplied by the number of mentors. If the instructor is serving as a mentor also, this compensation may be in addition to compensation earned under Type D.

TYPE H - Is used to pay faculty who supervise students involved in internships and student teaching.

NOTE: Compensation for non-teaching services as described for coordinating functions under Type G on this page may be in addition to the maximum compensation allowable for teaching six semester or nine quarter units in extension in the academic year.

HOURLY RATE. Guidelines for use of hourly rates are contained in FSA 76-78 - CE 76-22. This special schedule contains rates of pay for instructionally related functions such as service as mentors, supervision of directed study, theses, and graduate projects. These hourly rates may also be utilized to compensate faculty for student contact hours in connection with teaching assignments in non-credit educational activities and for a variety of non-teaching assignments performed in support of the extension program (e.g., coordination of courses, workshops, conferences and institutes; program development and evaluation activities; and service as special lecturers and consultants).
