FISCAL AND GOVERNMENTAL AFFAIRS COMMITTEE ACCOMPLISHMENTS FOR 2009-2010

http://www.calstate.edu/AcadSen/Committees/FGA/documents/FGA_AnnualReport_09-10.pdf

Aside from the authorship and co-authorship of these and other various resolutions, FGA Communicated, conversed, and debated regularly with a number of entities and individuals. Chief amongst these in the CSU included: Vice-chancellor offices in Long Beach and Sacramento dealing with resources, student affairs, and state budgetary and legislative matters; and colleagues from CFA. Furthermore and outside our academic boundaries, in April of 2010 representatives from FGA and ExCom traveled to Sacramento and conducted budget-centric lobby visits to 46 Assembly and Senate offices to speak with legislators and staff. Such informational and policy exchanges inside and outside the CSU greatly assisted Fiscal & Governmental Affairs in all of our work. Of course, we also hope the communications assisted these other entities in their own endeavors on behalf of CSU.

SYSTEMWIDE COMMITTEE

Two ASCSU senators served on the **CSU Select Committee on Mental Health** which was charged with reporting to the Board of Trustees the appropriate level of mental health services necessary to address student needs and to review and identify the resources necessary to provide those services. To assess need, the committee spent fourteen months studying and surveying CSU directors of counseling, health, disability services, and housing. The committee also researched national trends in collegiate mental health and used national surveys to benchmark its CSU data. The Select Committee made eight recommendations to the Board Of Trustees in its report in May, 2010.

SYSTEMWIDE COMMITTEES

One ASCSU senator is serving on the new **Affinity Group in Health Science and Health Disparities Research** which was charged with its formation by undertaking several tasks: assess and inventory CSU assets in the general area of health science and health disparities research; generate a plan for this affinity group including its proposed thematic foci, governance structure, and resource needs; and assist in designing and organizing a meeting of interested faculty and administrators.

Two ASCSU senators are serving on the new **Affordable Learning Solutions Committee** which was charged to review and recommend revisions and next steps for initiatives so it will provide timely, achievable, and sustainable benefits to students, faculty, and the campus. The AL\$ initiative has four major components: improving use of library resources for course materials; improving adoption of Open Education Resources and other open education service; integrating and improving access to lower cost digital and print publishers' textbooks; and supporting the CSU authoring course materials that will be adopted at lower costs.

One ASCSU senator served on the Presidential Task Force on Increasing Flexibility of Extended Education. Tasked to review and comment on the draft report calling for a number of recommendations to CSU Extended Education including: changes to California Educational Code 89708 regarding issues related to supplanting of academic courses; increasing greater flexibility in the use of CERF funds; increasing flexibility in issues related to faculty compensation; and enhancement of clarity and transparency for Extended Education policies.

**In Support of a Predictable and Adequate Budget to Fund the Operations of the Academic Senate of the
California State University (ASCSU)**

AS-2836-08/EX/AA/FA/FGA/TEKR

ATTACHMENT TO AS-2836-08/EX/AA/FA/FGA/TEKR

RESOLVED: That the ASCSU find the current approach used by the Office of the Chancellor to fund the operations of the ASCSU to be inadequate because it does not ensure sufficient funding on a year to year basis nor does it ensure that funds are made available to the ASCSU to cover increases in yearly costs; and be it further

RESOLVED: That the ASCSU urge the Chancellor to establish and maintain a permanent operating fund for the ASCSU sufficient to support adequate and appropriate shared governance; and be it further

RESOLVED: That any such budget allow for funding increases to compensate for inflation (personnel, travel, etc.); and be it further

RESOLVED: That the ASCSU reaffirm AS-2751-06/FGA Annual Adjustments of the Academic Senate California State University (CSU) Budget which calls for adequate annual adjustments to its budget to support ASCSU governance functions; and be it further

RESOLVED: That the ASCSU remind the Board of Trustees (BOT) and the Office of the Chancellor that the ASCSU is dependent on the Office of the Chancellor to provide the resources required to support the governance duties of the ASCSU as identified in the Higher Education Employer-Employee Relations Act (HEERA) and consistent with the principles of shared governance; and be it further

RESOLVED: That the ASCSU urge the Chancellor and the Board of Trustees to recognize that members of the ASCSU have provided the official faculty voice by:

- sponsoring resolutions on academically-related issues via standing committees and plenary meetings, and
- providing leadership, facilitating communication and coordination, and naming participants to, the Lower Division Transfer Patterns (LDTP) Project, and
- providing the Chancellor, the legislature, and other groups advice and guidelines concerning general education, and
- reviewing community college courses for acceptance within the GE Breadth and IGETC general education transfer patterns, and
- working with community college and University of California colleagues to resolve intersegmental general education issues, and

- providing advice on financial aid matters, and
- participating in the leadership and operations of the CSU Institute for Teaching and Learning, and
- reviewing proposals for the naming of CSU facilities and properties, and
- selecting participants for the CSU pre-doctoral and doctoral incentive programs, and

- coordinating with numerous other groups associated with higher education, and
- serving on numerous committees, task forces, boards, etc; and be it further

RESOLVED: That the ASCSU urge the Chancellor and the Board of Trustees to recognize that many of the above functions have been imperiled by operating in crisis mode (understaffed committees, overcommitted faculty responsibilities, inability to schedule face-to-face meetings, etc.); and be it further

RESOLVED: That the ASCSU urge the Chancellor and the Board of Trustees to recognize that inadequate funding will result in the further diminution of the effectiveness of the ASCSU and consequently the CSU; and be it further

RESOLVED: That this resolution be sent to the Chancellor and the Board of Trustees of the California State University.

RATIONALE: *The ASCSU fulfills an essential role in the delivery of higher education in California as specified in the HEERA of 1978. To function effectively, the Senate must receive adequate funding to cover its operating costs.*

Part of this resolution is in response to information given at the January 2008 ASCSU Plenary session that raised the possibility that funds which had been used to augment the ASCSU budget may not be available in 2008/09 and that further cuts may be possible. Part of this resolution is in response to how, in the past, the ASCSU has been funded.

The Academic Affairs Division of the Office of the Chancellor is responsible for the ASCSU budget. During the past three years it has been problematic that the CSU operating fund (base budget) allocated to ASCSU has been demonstrably less than 70% of ASCSU expenditures.

Although the Academic Affairs Division has augmented the ASCSU base budget through Priority and other funds, there are no assurances that such funding will be available in the future. It is anticipated that the ASCSU will face a significant operating deficit if funds (base budget, augmentation, and Priority Fund) are decreased or remain at 2007/08 levels. Neither measure takes into account rising inflationary costs (e.g. assigned time allocation due to raises and increased travel costs).

The ASCSU, in spring 2006, reduced its size via a Constitutional amendment and has taken other cost-reduction measures.

The absence of an adequate and predictable budget threatens our ability to plan our operations.

Approved Unanimously – March 6-7, 2008

Annual Adjustments of the Academic Senate California State University (CSU) Budget

AS-2751-06/FGA - May 4-5, 2006

RESOLVED: That the Academic Senate CSU request the Board of Trustees (BOT) to work with the Chancellor's Office to ensure adequate annual adjustments in funding for the Academic Senate CSU so that it can effectively fulfill its governance duties as identified in the Higher Education Employer-Employee Relations Act (HEERA) and consistent with the principles of shared governance.

***RATIONALE:** The Academic Senate CSU fulfills an essential role in the delivery of higher education in California as specified in the Higher-Education Employer-Employee Relations Act of 1978. Effective functioning of the Senate is dependent on adequate funding of its operating costs to fulfill its mission. Given that the majority of costs associated with the successful operation of the Academic Senate CSU are increasing-such as mileage reimbursement, assigned time, hotel costs, and per diem rates-annual increases of the Academic Senate CSU budget are necessary and appropriate. Further, funding for release time for Senators, especially for new Senators, allows full participation in the work of Senate committees and systemwide committees as well as providing opportunity for the mentoring of newer Senators by seasoned Senate colleagues.*

Approved - May 4-5, 2006
