Notes: * Typical documents may include a variation of standard State forms.

• 10-year Record Retention Periods

CSU's Record Retention policy of 10 years exceeds the record retention periods required by statutes identified in the Retention Source Authority. Accordingly, the identified records should be retained pursuant to CSU's Record Retention Policy.

• Custodian of Records

When the Custodian of Records is referenced as "Campus" it includes the Chancellor's Office acting in its "campus" capacity. When "Chancellor's Office" is referenced as the Custodian of Records, it is being referenced in its CSU systemwide capacity.

• Electronic versus Hardcopy:

Retention standards apply regardless of whether the record is created or maintained in paper or electronic format. All records must be maintained in readable format regardless of changes in technology or equipment obsolescence. Hardcopy versus Electronic. Electronic copies satisfy the law for enforceability of a transaction and as evidence in a dispute. (Per CSU General Counsel). Civil Code Sections 1633.1 et seq and Evidence Code Section 1521.

• System Data Records:

Data responsive to records identified within this Records Retention and Disposition Schedule should be retained for the period identified by each listed Record Identifier.

• In case there is a litigation hold on documents, contact your University Counsel regarding the retention period of these documents.
