
SMALL INVESTMENT, BIG RESULTS: THE IMPACT OF COMPLETION GRANTS ON STUDENT SUCCESS

Amelia Parnell, Ph.D.
Vice President for Research and Policy
NASPA

CSU Graduation Initiative Symposium
October 12, 2017

AGENDA

- About NASPA
- About Amelia
- Why Do Students Drop Out?
- Emergency Aid
- Completion Grants
 - In the News
 - National Trends
- Future Considerations
- Pair and Share Activity
- Questions

ABOUT NASPA

- NASPA is the leading association for the advancement, health, and sustainability of the student affairs profession.
- NASPA addresses common functional areas within student affairs (housing, advising, conduct, assessment) as well as broad higher education themes (access, persistence, and degree completion).
- Our work provides high-quality professional development, advocacy, and research for 15,000 members in all 50 states, 25 countries, and 8 U.S. territories.

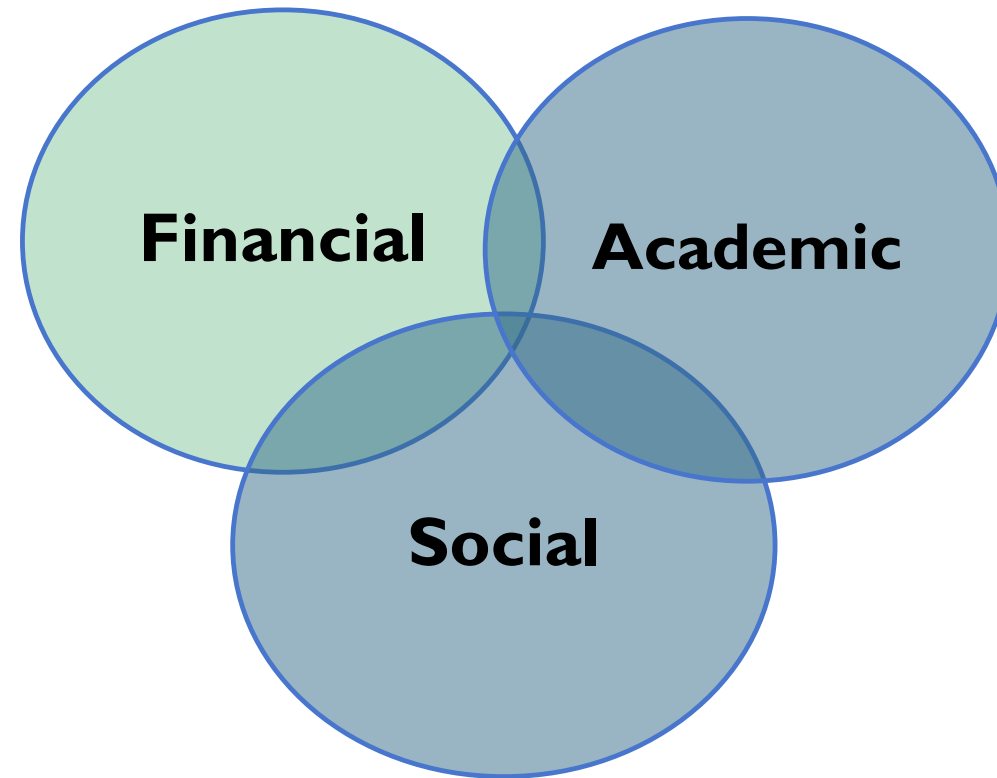

ABOUT AMELIA

- Connector (of people and ideas)
- Mix of generation X and millennial
- Not afraid to try and *fail*
- Fraternal twin
- Received an emergency loan in college
- First-generation college graduate

“Why do students drop out of college?
Do you happen to have any data on
this? I’m doing research on the Internet
but thought I would ask you as well.”

IT IS TYPICALLY A CHALLENGE (OR MIX OF CHALLENGES)
IN ONE OF THREE PRIMARY AREAS

COMMON INSTITUTION RESPONSES

Invest in new technology or consulting

- **Predictive analytics; early alert systems**

Start a new program or initiative

- **Emergency aid; completion scholarships**
- Intrusive advising; peer mentoring
- Additional on-campus work opportunities

Discuss return on investment

- What does it cost to retain a student?
- Are students prepared for the workforce?

Quick Spotlight on Emergency Aid

Audience Poll:

Does your institution have an emergency aid program?

ADDRESSING STUDENTS' FINANCIAL NEEDS

SPOTLIGHT ON EMERGENCY AID PROGRAMS

How are institutions addressing complex financial needs such as food insecurity, homelessness, as well as unexpected emergencies such as a flat tire?

What functional units are involved in delivering timely aid to students?

What resources do institutions need to scale these efforts and measure the impact of these investments on student success?

NASPA'S LANDSCAPE ANALYSIS FOUND 500+ INSTITUTIONS WHO ARE DELIVERING EMERGENCY AID

Campus Interviews

October - December 2015

- **20+ institutions** interviewed
- **Multiple perspectives:** financial aid, student affairs, development

National Survey

January - March 2016

- 695 institutions responded
- **523** have an existing emergency aid program

(WORKING) DEFINITION OF EMERGENCY AID

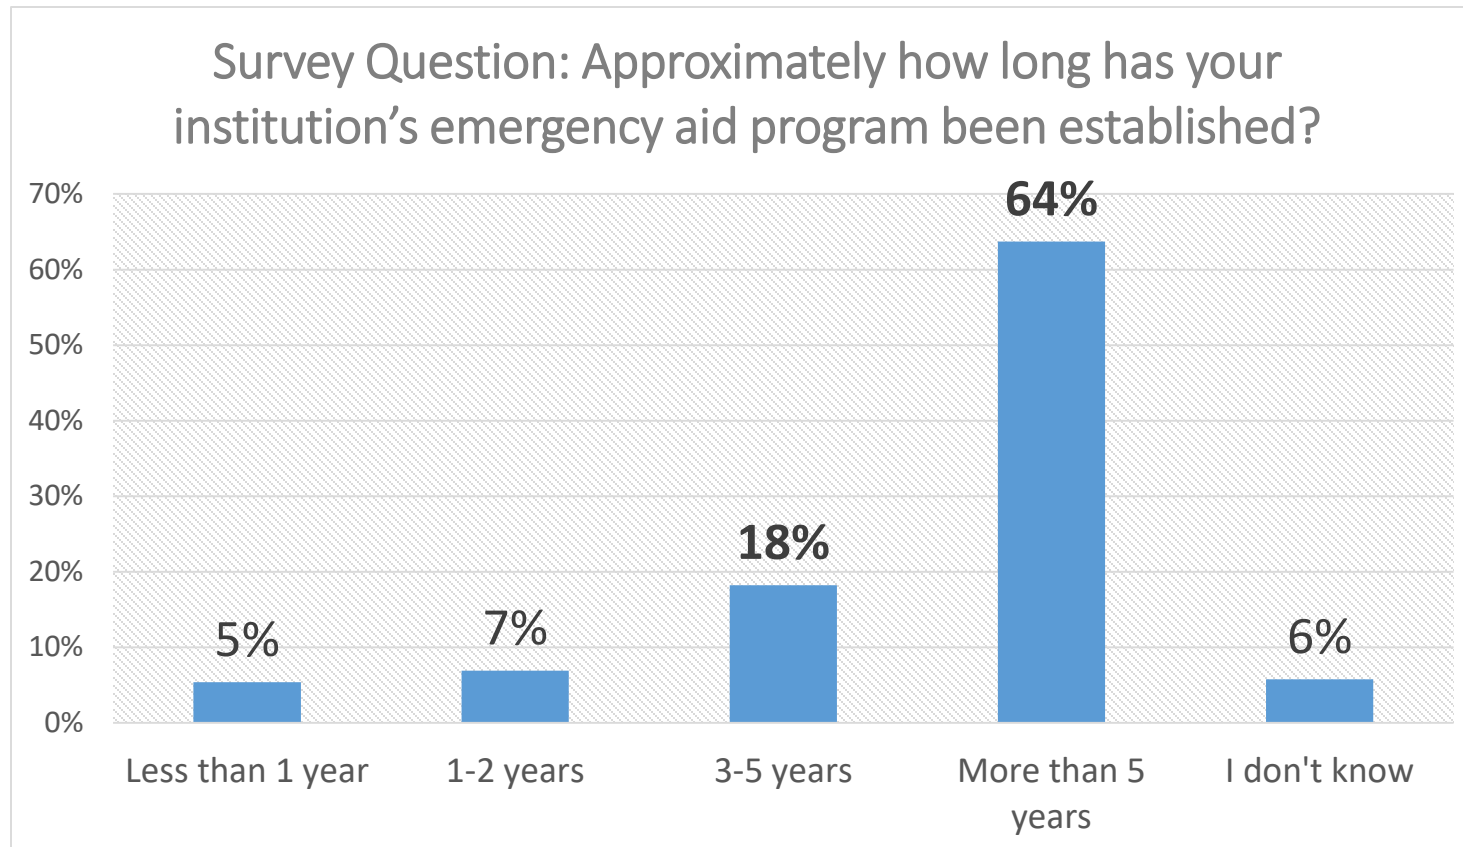

Emergency aid includes one-time grants, loans, and completion scholarships of less than \$1,500 provided to students facing unexpected financial crisis, as well as food pantries, housing assistance, and transportation assistance.

SIX TYPES OF EMERGENCY AID

Emergency Aid Type	Description
Campus vouchers	Cover materials from the bookstore or meals from the dining hall; few barriers to distribution
Completion scholarships	Cover outstanding balances for students poised to graduate or continue to the next semester
Emergency loans	Address hardship related to the timing of a student's financial aid disbursement
Food pantries	Address food insecurity on campus
Restricted grants	Support students who experience unexpected hardship; typically require that students meet certain academic or other requirements
Unrestricted grants	Support students who experience unexpected hardship; typically awarded without restrictions

EMERGENCY AID IS NOT A NEW STUDENT SUCCESS STRATEGY

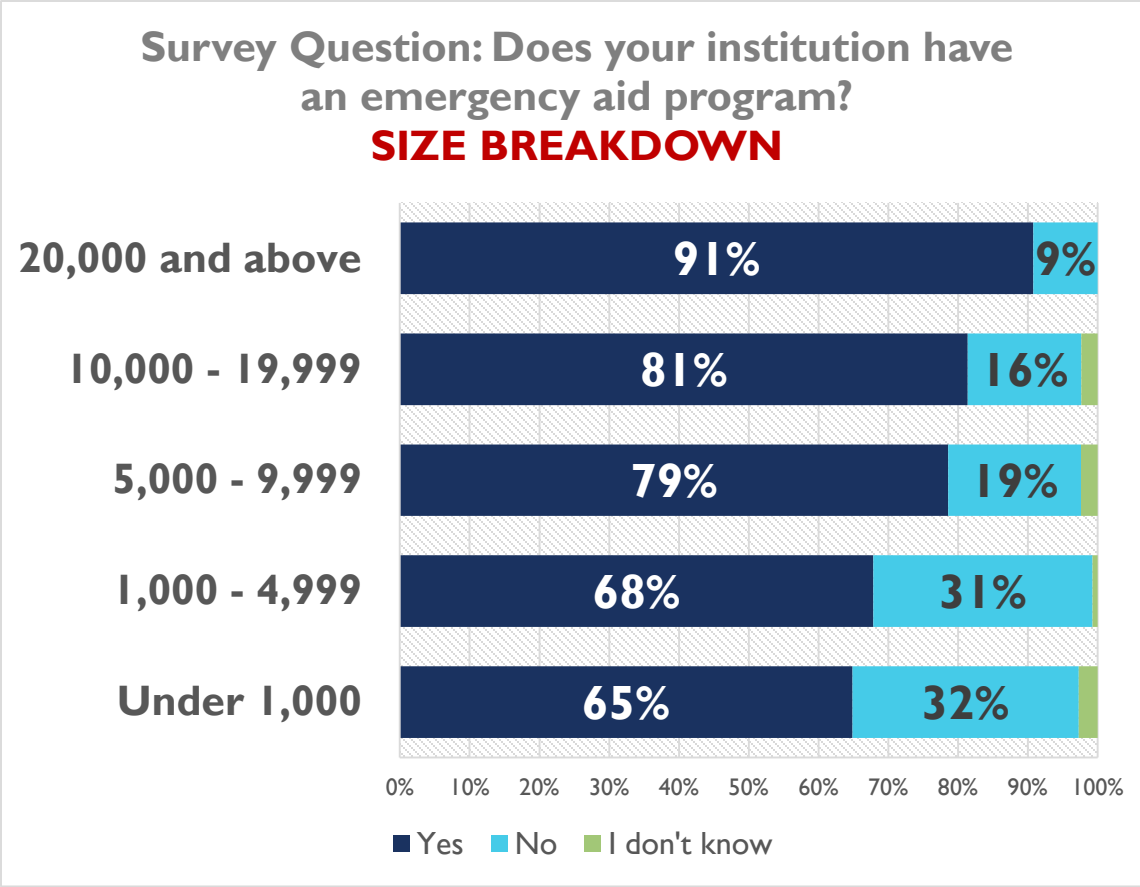

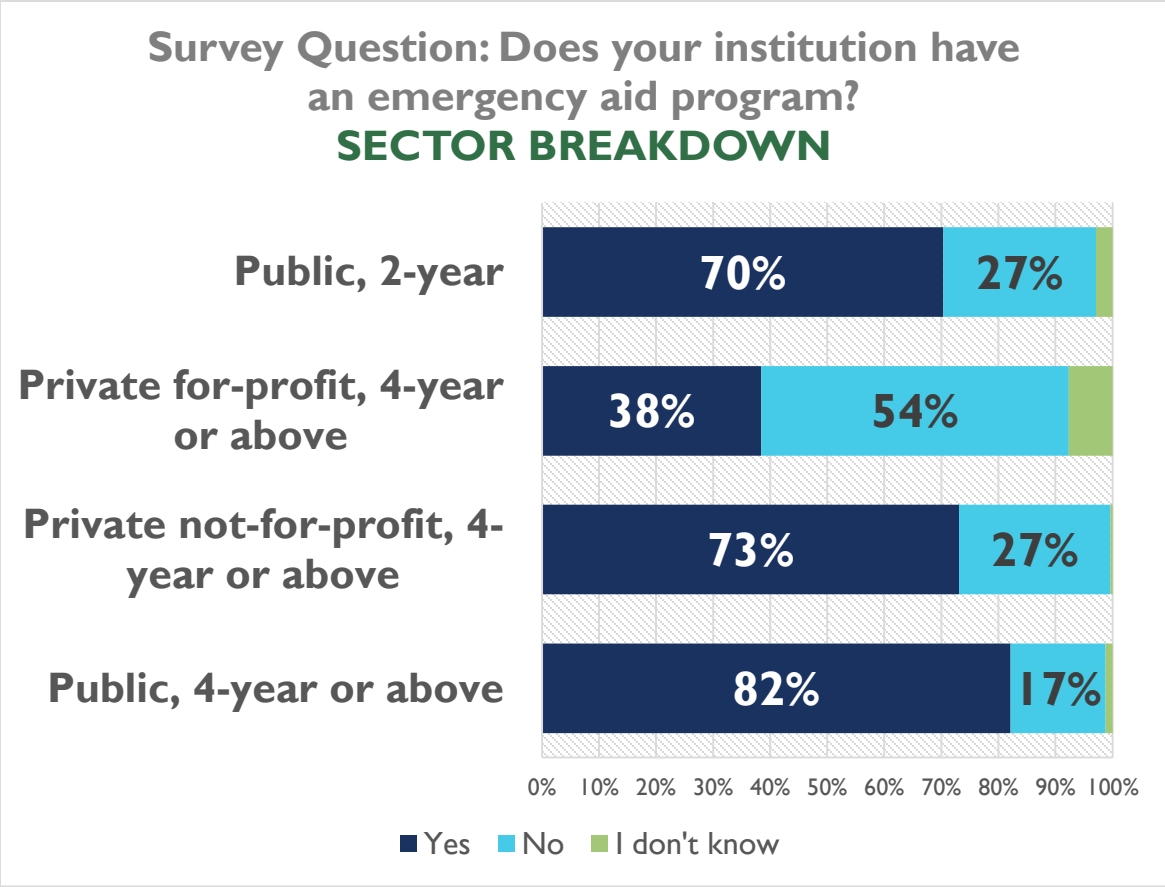

Over **80% of colleges** that have an emergency aid program have had it for **3 or more years.**

EMERGENCY AID PROGRAMS IN CALIFORNIA

- 80% ($n = 45$) of participating institutions in California have an emergency aid program
- These institutions represent approximately 425,000 students

ALL TYPES OF INSTITUTIONS ARE DELIVERING EMERGENCY AID

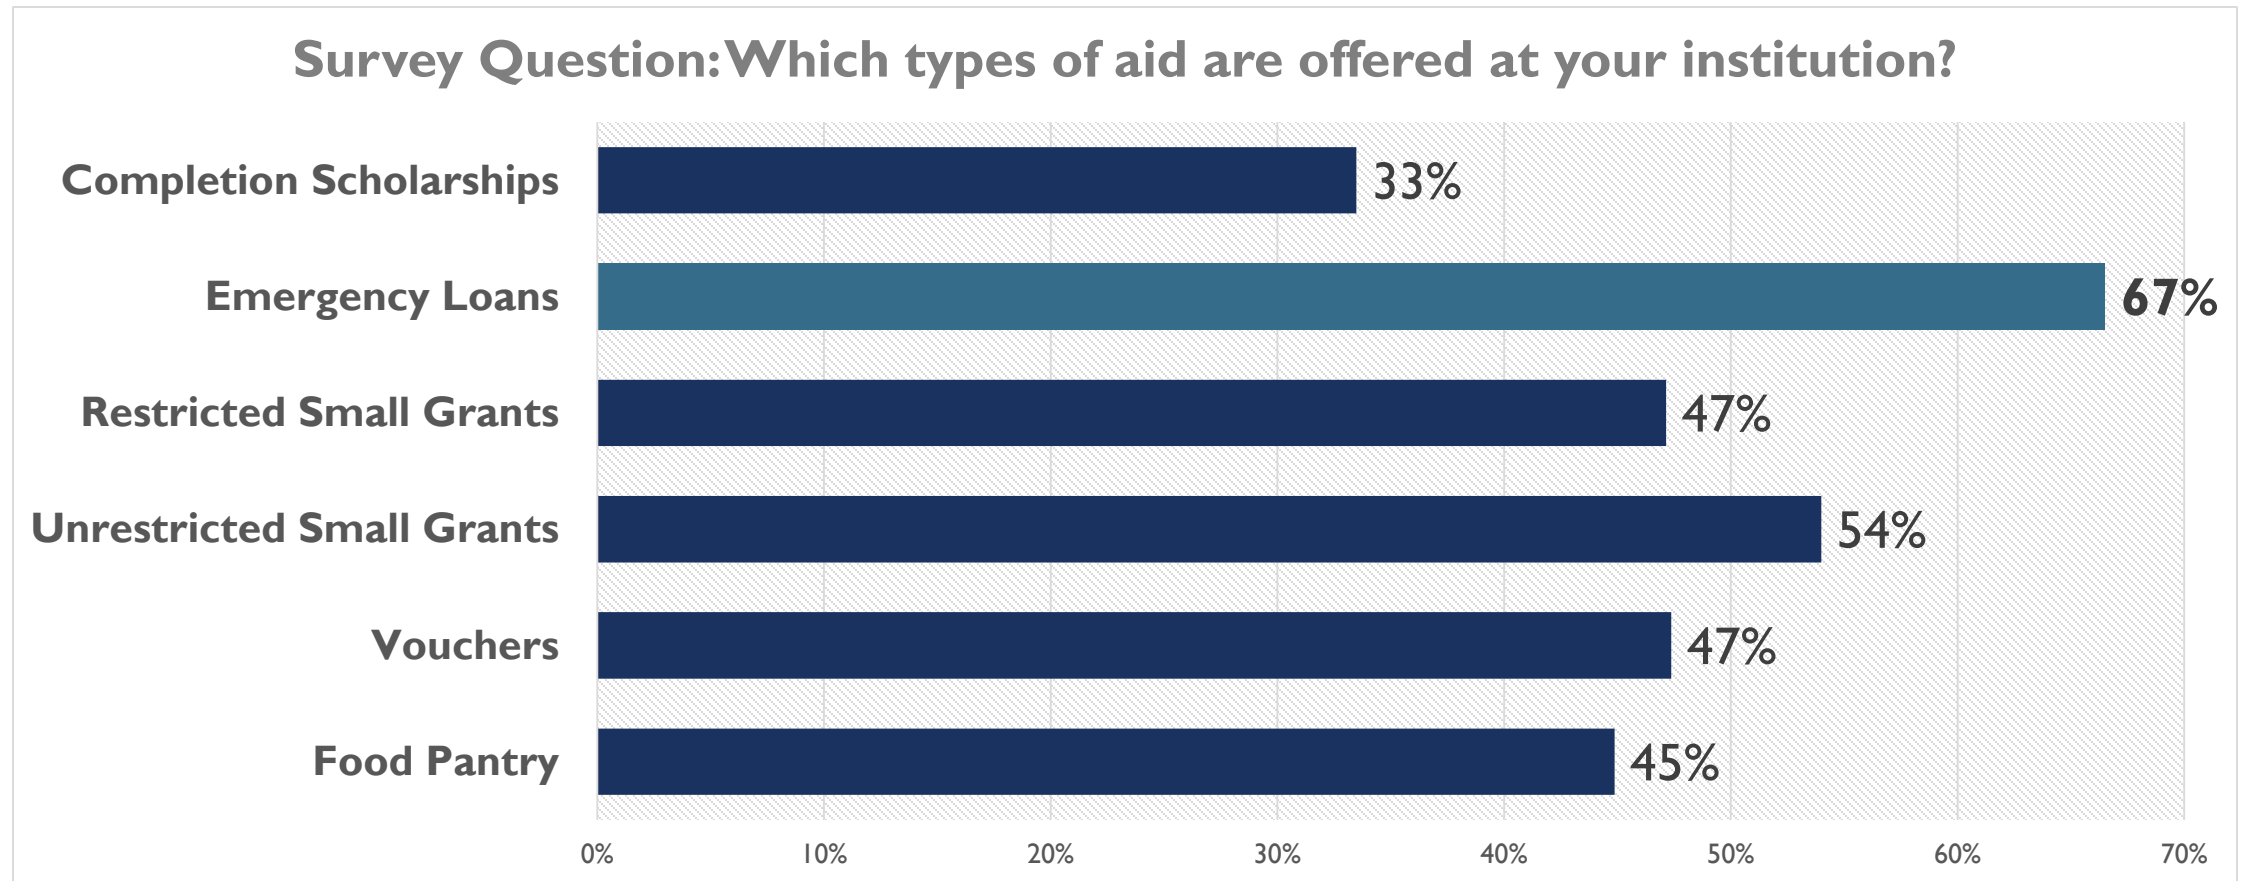

Source: NASPA Landscape Analysis of Emergency Aid Programs

CALIFORNIA PARTICIPATION IN EMERGENCY AID LANDSCAPE ANALYSIS

- 56 institutions in California representing approximately 452,000 students

EMERGENCY LOANS ARE OFFERED MOST BY CAMPUSES

TYPES OF EMERGENCY AID PROGRAMS (CALIFORNIA)

MOST INSTITUTIONS DO **NOT** USE DATA TO PROACTIVELY IDENTIFY STUDENTS WHO MAY NEED AID

Only **23%** of institutions use data to proactively identify students

Survey Question: What prevents your institution from using data to proactively identify students who may benefit from emergency aid.

Spotlight on Completion Grants

COMPLETION GRANTS IN THE NEWS

Georgia State University – Panther Retention Grant

- Students are offered micro grants if they agree to participate in activities such as meeting with a financial counselor.
- 2,000 grants offered last year

Association of Public and Land-grant Universities – Research on Completion Grants

- Report: Foiling the Drop-out Trap

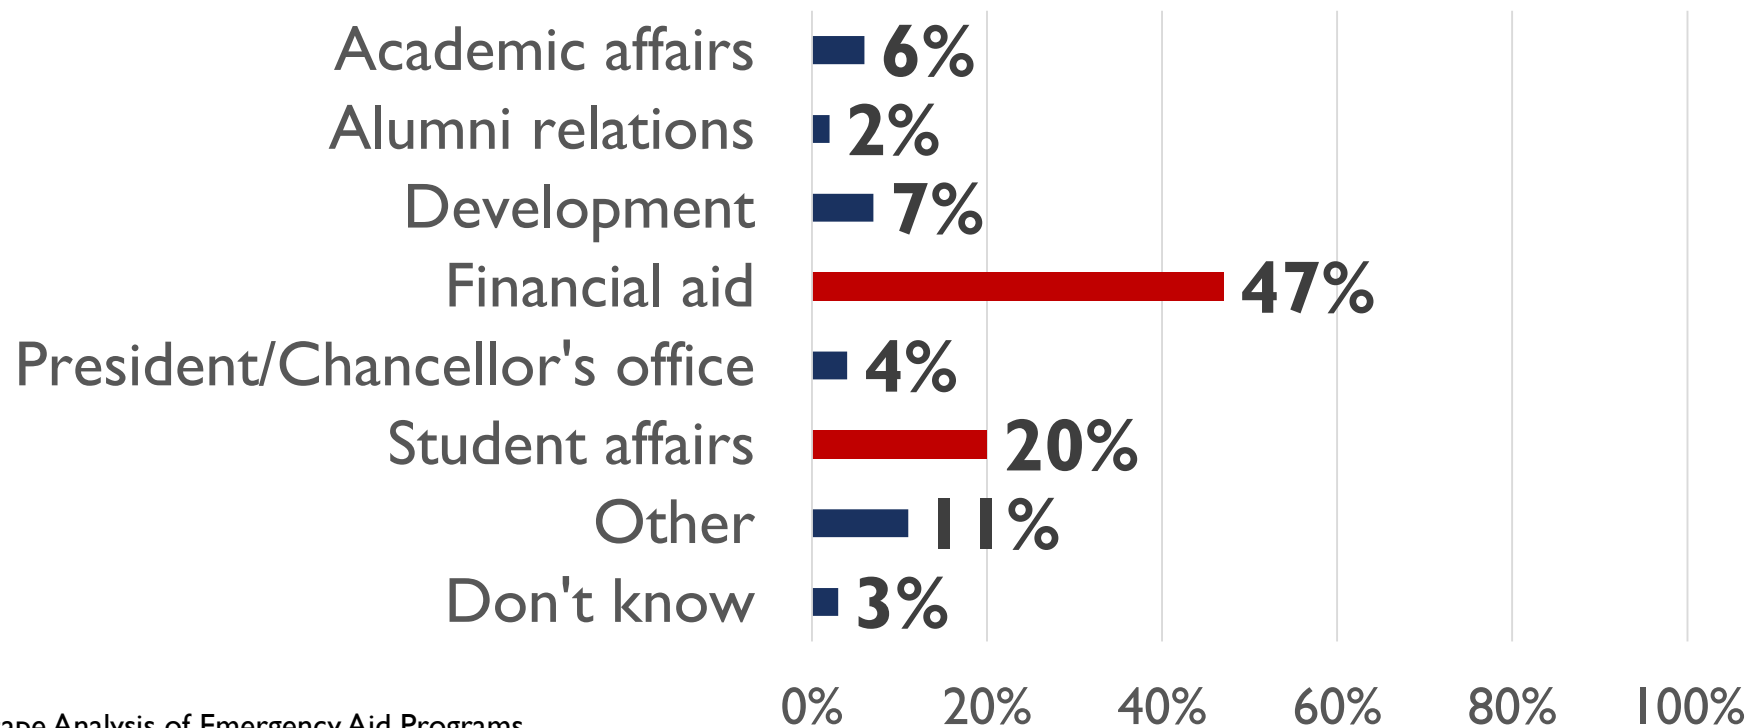

University Innovation Alliance

- New completion grant program for 11 institutions

HOW ARE COMPLETION GRANTS ADMINISTERED?

Department primarily responsible for administering completion grants
(n = 127)

WHAT IS THE CURRENT LEVEL OF SCALE?

Number of students served annually (n = 104)

WHAT IS THE AVERAGE AWARD AMOUNT?

Average aid amount distributed annually (n = 82)

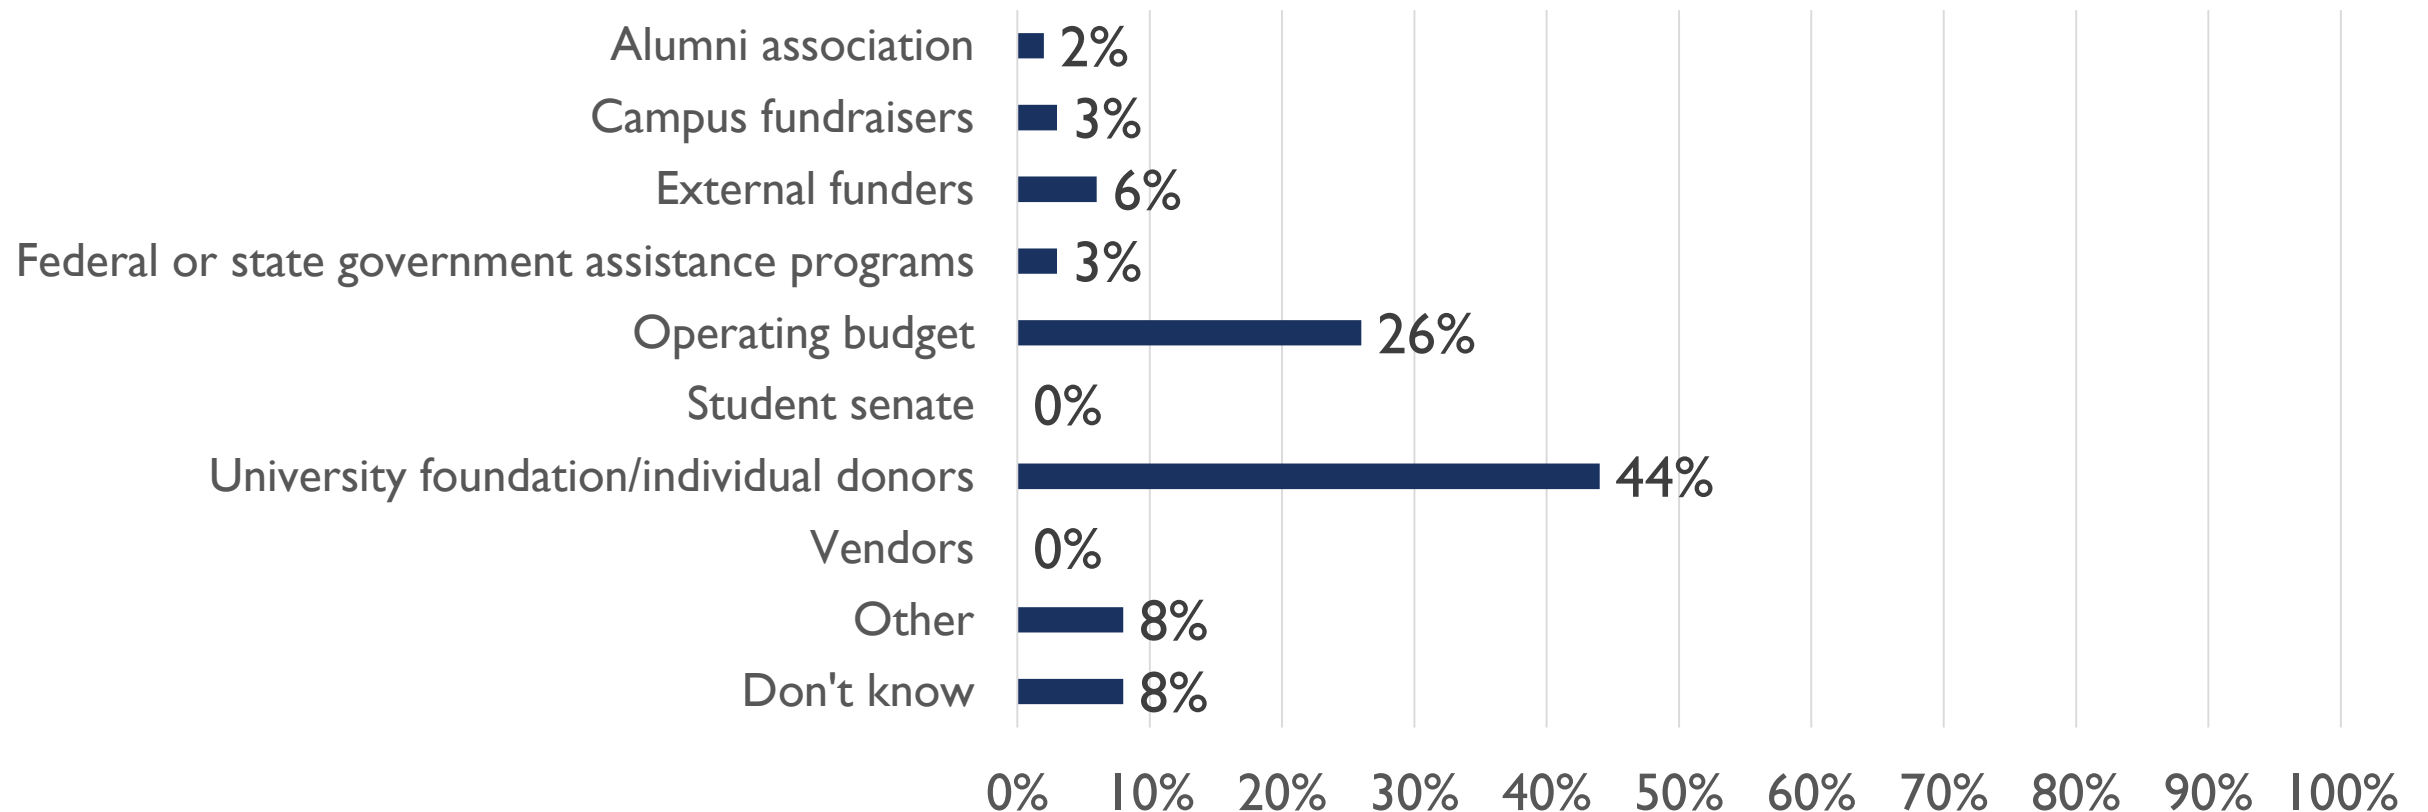

WHAT IS THE ANNUAL BUDGET?

Annual budget (n = 80)

WHAT ARE THE FUNDING SOURCES?

Primary source of funding for completion grants (n = 125)

WHAT ARE THE PRIMARY COMMUNICATION CHANNELS?

Primary communication channel(s) to inform students about completion grants (n = 125)

WHAT ABOUT DATA PRIVACY?

- Several institutions are using **early alerts** and other proactive approaches to identify students
- **Predictive models** include data that identify students who might have financial challenges (high school GPA; free or reduced lunch recipient)

Campus Examples: Reclamation and Last-Dollar Models

UNIVERSITY OF MEMPHIS & MORGAN STATE UNIVERSITY: RECLAMATION MODELS

University of Memphis – Finish Line Program

- Operated by Division of Academic Innovation and Support Services
- Students must have earned **90+ hours** and **stopped out**
- Support includes grant funds, waived financial holds
- 100+ students served so far

Morgan State University – Reclamation Initiative

- The university offers aid to any student who has earned **90+ credits**, at least a 2.0 GPA, and has **stopped out** for a semester
- Institution invites students to return to the university by applying for the grant
- 56 students have returned to the university since the start of the program

UNIVERSITY OF CENTRAL FLORIDA & VIRGINIA COMMONWEALTH UNIVERSITY: LAST-DOLLAR MODELS

University of Central Florida

- Knight Success Grant covers tuition and fees
- Students must be in their final semester or within less than 18 hours of degree completion
- All other financial aid options must have been exhausted
- Students with a 2.75 GPA get first consideration

Virginia Commonwealth University

- Graduation Funds program identifies students who have a 3.0 GPA or less, 103+ credits, and an unpaid balance of \$5,000 or less.
- Program will fund half of the money owed, up to a maximum of \$2,500
- Program supports about 100 students per year

Future Considerations

READINESS RUBRIC

<u>Rating</u>	<u>Definition</u>
Forming	The institution is identifying a course of action for the area
Emerging	Decisions have been made and/or implementation has started
Functioning	The most critical pieces are in place to execute the work needed
Exemplar	Well-positioned to scale and sustain efforts

READINESS RUBRIC

<u>Area</u>	<u>Considerations</u>
Management	Clear office/department/individual responsible for the program's implementation and success; organization of resources
Securing Resources	Allocating and leveraging multiple sources to secure enough funding
Policy Implications	Adherence to relevant state and federal guidelines for distributing financial aid; clear requirements and application processes
Technology	Use of technology to administer aid efficiently
Increasing Awareness	Methods for informing students, faculty, administrators, and external stakeholders about the program
Measuring Success	Use of data to identify students who could benefit from the program; assess the impact of the program

10-minute pair and share
(with handout)

Which capacity areas need more attention to scale your program?

IT'S ALL ABOUT RELATIONSHIPS!

- **Institutional Research:** early-alert/proactive identification of students
- **Financial Aid:** disbursement of funds
- **Academic Affairs:** budget authority for the program
- **Student Affairs:** financial literacy programs; management of interventions
- **Example: Boise State University's Final Mile Program**
 - Institution allocates \$27,000 to help meet the financial needs of students who do not register when they are close to graduation
 - Joint effort between the offices of the provost, advising, institutional research, and information technology

IN CLOSING: 5 INSTITUTION NEEDS

- A **common language** to describe and discuss the resources
- **Procedures** to guide the development of new and existing programs
- Better **use of data** to identify students who need aid and assess effect of programs on student success
- Increased **leveraging of technology** to deliver resources efficiently
- More communication and **sharing of resources** across institutions and networks
